

Maria Barea

(& Franziska Haiml)

VASCAPA, Belgium

VASCAPA was founded on 5th May 2012 in Brussels, under the leadership of Prof. Boon and Prof. Vikkula.

The purpose of our association is :

- to disseminate maximum information regarding vascular anomalies (tumour or malformation) to the general public
- to refer people suffering from these diseases to specialized centres
- to put in contact with patients willing to share their daily difficulties with others facing similar situations
- to guide patients in their administrative procedures
- to ensure readiness to listen, encourage, share
- to create supports, information tools
- to make known these rare diseases to health professionals
- to stimulate research and reduce ignorance
- to improve medical care
- to ensure patients care even outside of Belgian and European borders

Our tools :

- website : [click here](#)
- email address : [click here](#)
- informative folders
- newsletter
- individual support when visiting Prof. Boon
